The saying "getting there is half the fun" became obsolete with the advent of commercial airlines.

IMPERIAL TRADITION

Imperial Jets, headquartered at the Empire State Building in New York City, is an international firm specializing in private aircraft brokerage and peripheral services. The company serves its clients in all aspects of private aviation, from chartering and purchasing to assistance with financing and management.

Our strong industry network ensures that you enjoy the BEST possible EXPERIENCE in the open skies. At Imperial Jets, we understand the value of your time and are dedicated to providing you with the comfort, flexibility and privacy you deserve.

We leverage our relationships, knowledge, and experience to bring you the best overall QUALITY and VALUE in the industry.

Welcome to the Imperial Class

CHARTER ON-DEMAND

Be airborne in as little as four hours! At Imperial Jets we make that happen using our own proprietary technology and Operator Database to efficiently source all aircraft. Our specialists are on call 24 hours a day, 7 days a week. Charter on-demand is more than just flight service; it's smooth, luxurious, well coordinated transportation that transcends comfort and convenience.

IMPERIAL JET CARD

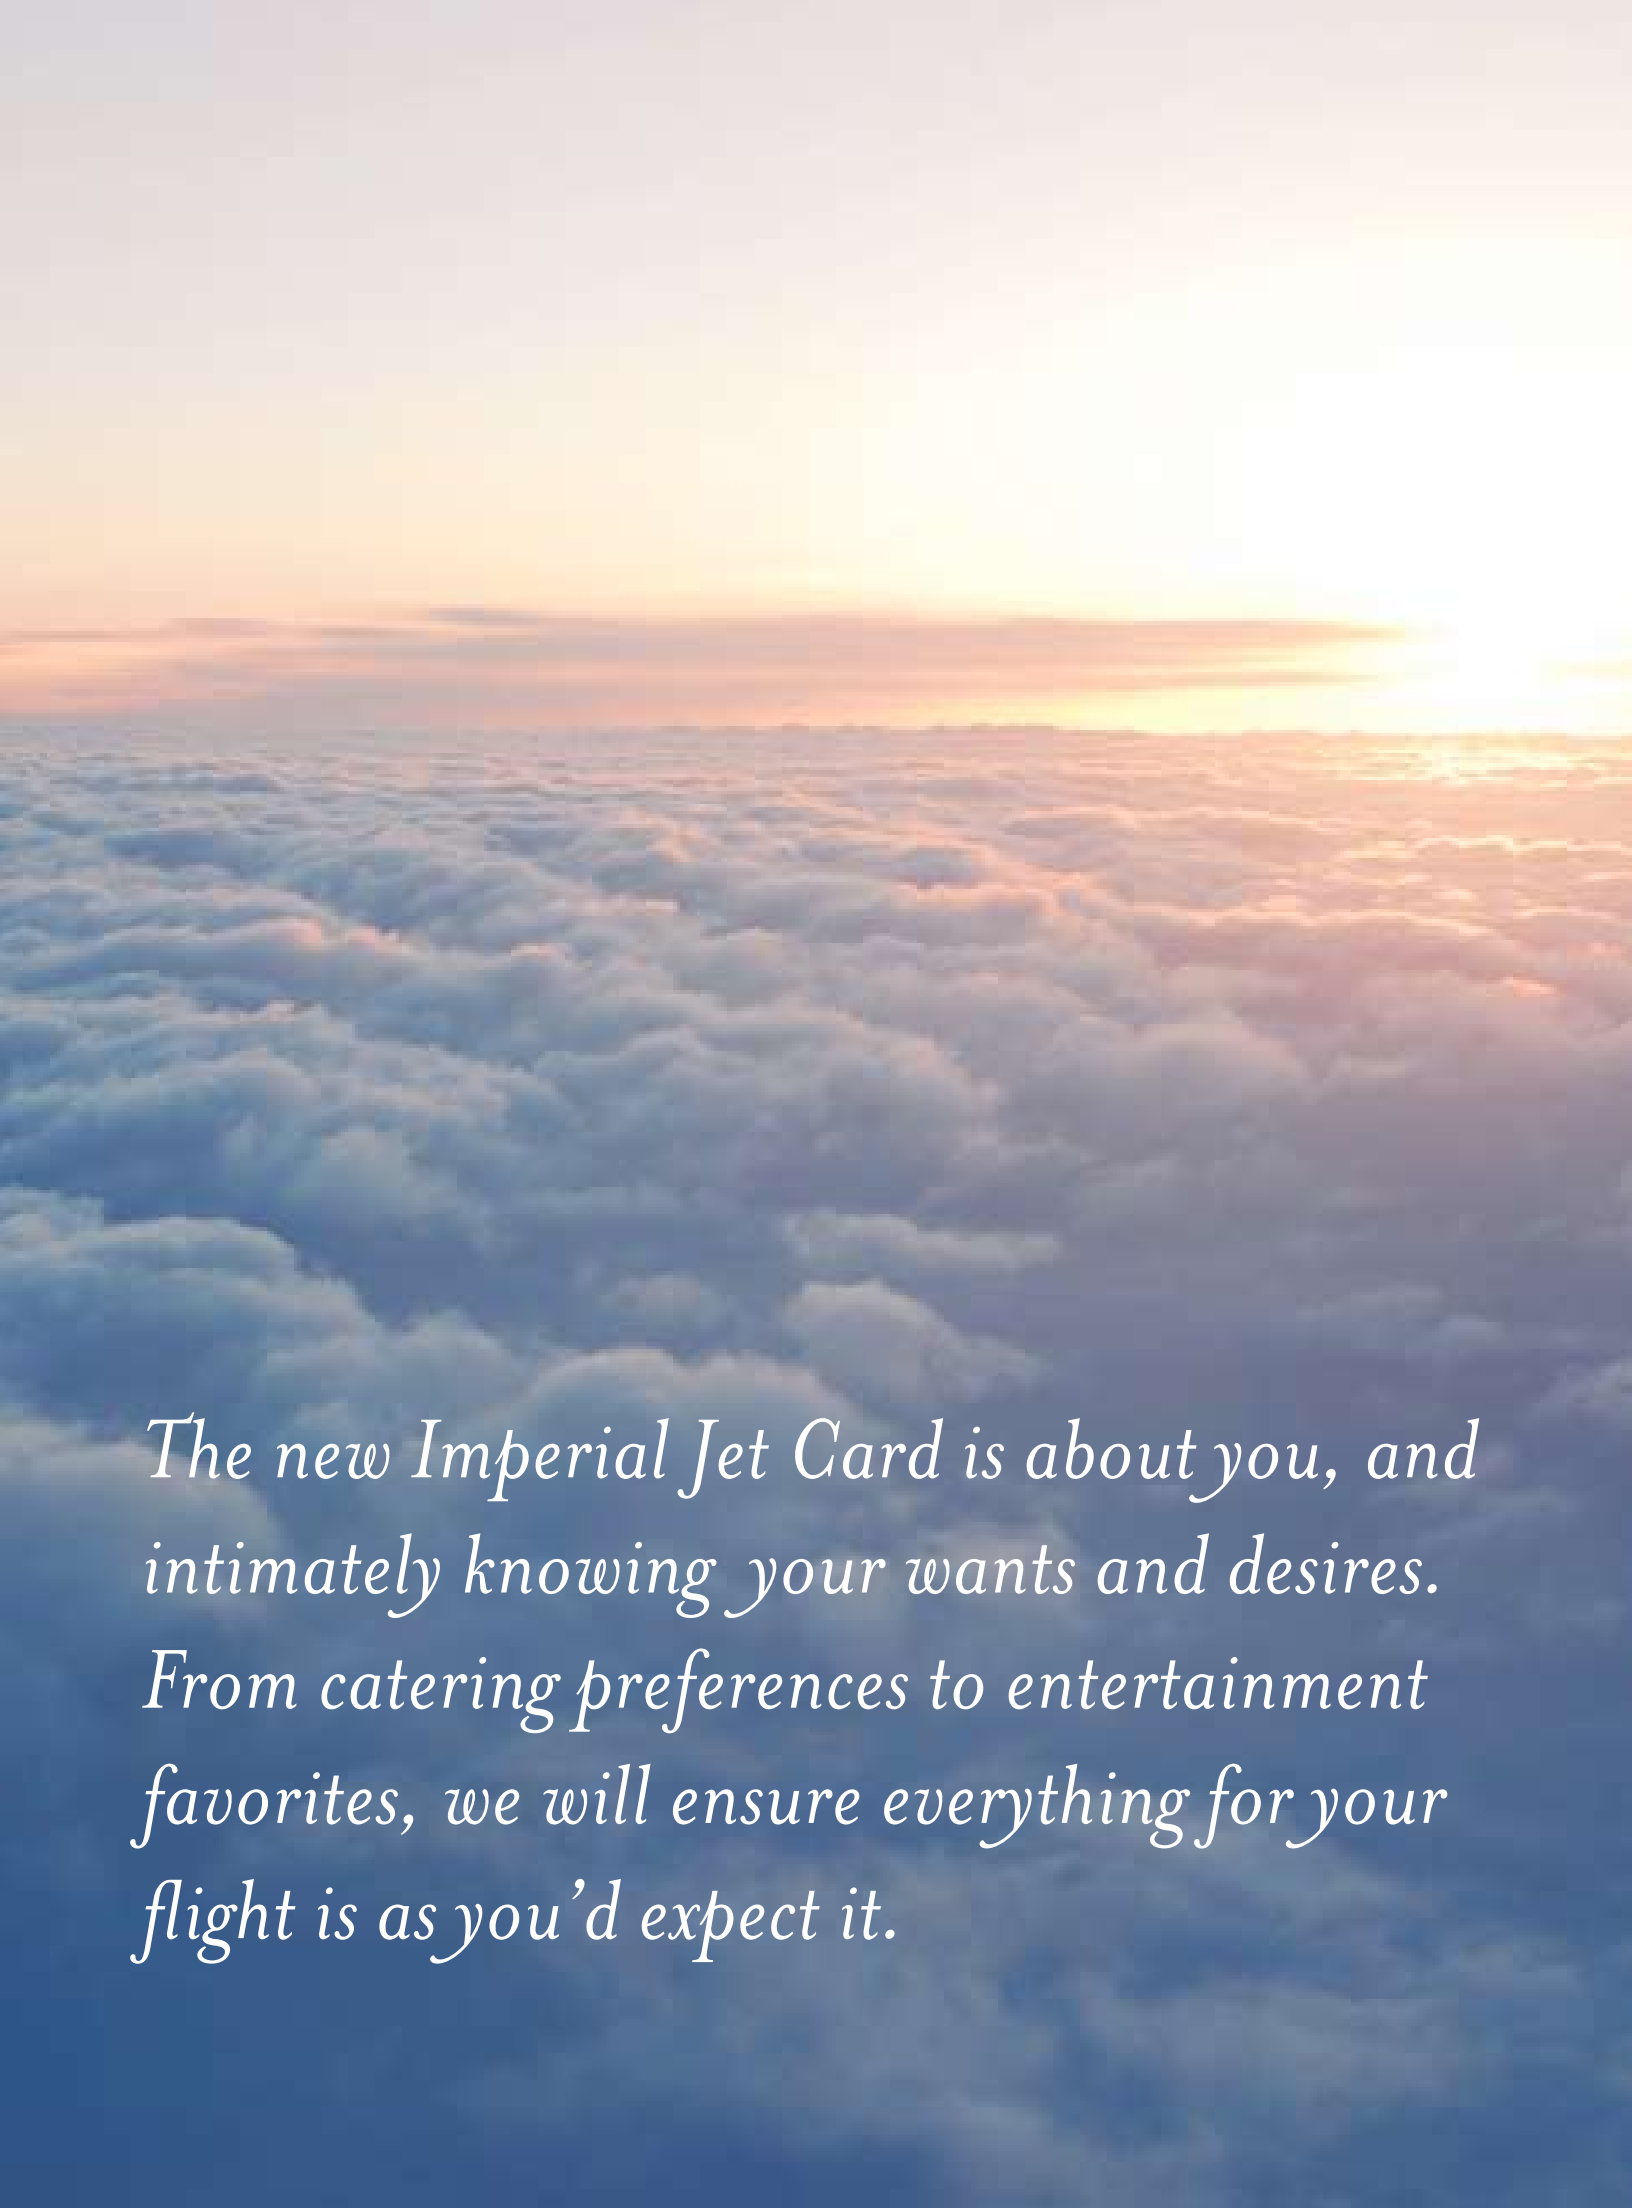

Currently, all Jet Card programs are the same. Minimums, administration fees, jet class restrictions, and rewards programs that don't really benefit the flyer.

We listened to our customers, and for them... we are changing the paradigm.

NO MINIMUMS
NO ADMINISTRATIVE FEES
NO JET CLASS RESTRICTIONS

The new Imperial Jet Card is about you, and intimately knowing your wants and desires. From catering preferences to entertainment favorites, we will ensure everything for your flight is as you'd expect it.

JET LEASE

For the traveler that's always on the move, leasing an aircraft can provide tremendous cost savings and convenience. If you or your company fly a combined total of more than 200-300 hours, leasing a jet can make great sense. There are many factors to consider when leasing a private aircraft: from wet leases to dry leases, to even "cost off-set chartering" for maximizing value. At Imperial Jets our experts can couple your needs with the perfect lease.

JET PURCHASE

Purchasing an aircraft is a world class investment. It requires great care, strategic planning, and choreographed execution to ensure everything is perfect. With years of private aviation experience, our acquisition specialists can help navigate every step of the process. Buying a jet is a big undertaking, but with the right support it can be a wonderful experience. From maintenance and staffing, to licensing and insurance, our experts will ensure that when you take delivery, the only thing you will have to worry about is how to recline your chair.
